Dear Residents,

The Trinidad and Tobago Housing Development Corporation (HDC) wishes to inform residents of Buildings B and C that the Corporation will be cleaning the pump room on or before Thursday, June 27, 2024.

As such, residents are asked to remove all personal items from the area before the scheduled date. Any personal items left after the specified date will be disposed of by the Corporation.

Additionally, residents are reminded that these areas must be kept free of personal belongings to provide ease of access to the area at all times, particularly in the event of an emergency. As such, no personal items are to be stored near the tank farm or in the pump room.

The HDC thanks you in advance for your understanding as we work to improve the amenities within your community.
