HDC Announces Winner of First Rent Café User

The Trinidad and Tobago Housing Development Corporation (HDC), in collaboration with the Telecommunications Services of Trinidad and Tobago (TSTT), is thrilled to announce the winner of its RentCafé promotion.

On Wednesday September 4, 2024, Darlene Archibald, a resident of the Oropune Gardens Housing Development in Oropune Gardens, Piarco was presented with a new Samsung S24 smartphone, courtesy of TSTT, for being the first HDC tenant to download and utilise the RentCafé application (app) to pay her rental fee.

RentCafé is HDC's innovative mobile application designed to streamline the rental experience for its tenants. It offers convenience as customers can make timely payments at their fingertips.

Additionally, customers can check balances and payment history, submit requests for repairs and stay informed of important housing notices and updates in real-time.

Ms. Archibald was excited to be the first to utilise the RentCafé app and highlighted the benefits of the app's user-friendly features to manage her time and upkeep her monthly installments with the HDC.

This technological initiative reflects the HDC's commitment to enhancing residents' rental experience, and the Corporation's continued efforts to offer proactive solutions to its clientele and improve its services.

The HDC's RentCafé app is available to download on both Android and iOS devices. Residents are asked to email Rentcafequeries@hdc.gov.tt to request the Rent Cafe app and for more information.
